GOVERNOR TENER ROUNDLY SCORES THE STATE SENATE

Failure to Pass Public Utilities Bill Ires Executive

CONDEMNATION MERITED

Another Bill Practically the Same as Defeated One Will be Presented

Immediately after the adjournment of the Legislature at Harrisburg Thursday Governor Tener issued a statement to the effect that he will not call an extra session of the Legislature for the consideration of a public utilities bill, for the reason that "to do so would be futile with the Senate as now constituted."

The Governor criticizes the Senate for failing to pass the public utilities bill, even after the administration had offered suggestions as to modifying its provisions. The action of the Senate in pigeon-holing the resolution to refer the subject to a committee to be appointed by the Governor is characterized by him as "arbitrary, unreasonable and indefensible."

A public utilities bill substantially the same as that which was defeated this year will be presented to the Legislature of 1913 says the Governor. This statement is as follows:

"I believe that it is the sense of the people of the State generally that a public service company law should be enacted. In my inaugural I said: 'There should be a commission vested with all the possible power to have the general supervision and control of the corporations and individuals having to do with public utilities, and the present Railroad Commission abolished.'

"Accordingly, House bill No. 875, known as 'The Public Service Company Law,' was prepared at my instance by Attorney General Bell and introduced into the Legislature and finally passed by the House by a vote of 176 to 11. This was most gratifying to me.

"It is a matter of genuine regret, however that the bill failed of passage in the Senate. The alleged reasons for such defeat of the bill were that it was too drastic and undertook to regulate too many public service companies, and because certain members of the Senate had not had sufficient time to properly inform themselves concerning the scope and provisions of the bill. Therefore it was urged on the floor of the Senate that a commission should be appointed to properly consider the subject and report a bill at the next session of the Legislature.

"As to the objection that the bill is too drastic, it is to be observed that in its vital features it is less drastic than the inter-State commerce act and similar laws of recent enactment in our sister States, including New York, Maryland, Wisconsin, and as I believe New Jersey. The objection to its being too comprehensive comes chiefly from the railroads and street railway corporations (which must of course, be included in any bill) and not from what I may term the minor corporations.

"The bill could readily have been amended by eliminating such minor corporations from its operation and the Senate committee was so advised by the Attorney General and that if the bill were so amended and made to

apply to railroad, street railway, telegraph, telephone, water, light, heat, and power companies it would be satisfactory to the Administration. This suggestion, however was not considered, nor any amendment whatever proposed.

"Following the defeat of the bill in the Senate and accepting, as made in good faith, the alleged reason of lack of sufficient time for proper consideration of the bill, and the further insistent suggestion for the appointment of a commission to duly consider the subject, I forthwith sent in a resolution providing for such appointment, and vesting in the commission ample power and authority to make such investigation with the duty to report the result of its investigation and a draft of the bill to the next General Assembly in 1913. It was my desire and I deemed it my duty to appoint such a commission myself rather than to refer the subject to any existing legislative committee not in sympathy with my views.

"The House immediately passed this resolution. Its reference without debate in the Senate to a committee which did not and as I believe never intended to consider such resolution is, to my mind, an arbitrary, unreasonable and indefensible course on the part of the upper house. Such action, I further believe, merits and I think will receive the condemnation of all fair-minded men.

"I have considered the question of calling an extra session, but with the Senate as now constituted, I have concluded that to do so would be futile.

"Since my inauguration I have used my best endeavors to have a public service company law duly enacted for the reasons as I have stated, that the general welfare of the people requires it and my official pledge was given for such an enactment. These reasons still exist. My views have in no wise changed. Until the next meeting of the Legislature I shall hope for a more vigorous expression of that public opinion which I believe exists in favor of such a law. This will have its impress and effect upon the members of the new Assembly.

"And at the convening of the new Assembly I shall again have introduced, simultaneously, in the House and in the Senate, a bill substantially as drawn by the Attorney General. This will afford the members of each body ample time to consider the bill and to amend it as above mentioned, or otherwise, so as to bring this Commonwealth, in respect to legislation, abreast of our sister States and secure to our citizens substantially the same rights as are enjoyed by the people in other commonwealths."

Outing Planned at Cascade Park Early in June by Valley Association-- Committee Appointed

SPORTS PROGRAM FOR DAY BEING PREPARED

Arrangements are being completed by the I. O. O. F. Valley Picnic association for the annual Odd Fellows outing to be held June 16 at Cascade Park. L. H. Richards of Monongahela, president of the association, Robert Craig, of Charleroi, secretary and Joseph Robinson, of Belle Vernon, vice president is the general committee in charge. Other committees have been appointed from Charleroi, Monessen, Roscoe, Belle Vernon, Fayette City and Monongahela Odd Fellows. Committees from the Iris Rebeckahs are also assisting.

COAL DEAL REPORTED

Coking Tract to be Taken by United Steel Corporation

IMPORTANT TO DISTRICT

A report in Charleroi Thursday evening that the United States Steel corporation had taken over the entire Pittsburgh Coal company's holdings was modified somewhat by later reports which state that the contemplated deal at the present time only includes part of the later company's holdings. This is said to be about 8,000 acres of undeveloped coking coal lands in the Connellsville region, which was acquired some time ago when Francis L. Robbins was president of the Pittsburgh Coal company. The deal is said to be hanging fire on account of the price. The company is said to have asked a price of \$3,000 an acre, which the big steel corporation is trying to shave down.

It has long been the belief that the United States Steel corporation would eventually take over the Pittsburgh Coal company, and the proposed deal is thought to be a step in the direction of the final absorption of the big coal interests. The deal, if it goes through, will involve purchase money to the extent of between \$18,000,000 and \$24,000,000, which, it is expected, would go to pay off accrued interest on the coal company's stock.

GROUNDS ARE HARD

Church League Moguls Would Provide Water for Park

LEAGUE MEETING IS HELD

At the meeting of the Charleroi Church League executive committee Thursday night a plan to have water supplied for the baseball ground was suggested and Prof. I. T. Daniel was appointed a committee of one to look after the matter. The playing field is now in bad shape and water is a veritable necessity.

Action was taken to have persons employed to look after balls at each game. President Edwin McKay was instructed to appoint an investigation committee to look after any supposed violations of the eligibility rule, and named Prof. I. T. Daniel, R. A. Roberts and W. D. Pollock.

A meeting of the executive committee will be held every Monday evening in the Charleroi Business Men's Association rooms. The lists of players on the various teams were approved.

COMPLAINT BY CITIZEN

Crest Avenue Resident Thinks Better Hose Should be Bought

TROUBLE AT LATE FIRE

To the Editor of the Charleroi Mail: Sir—How long are we to hear the remark, "Might have saved the property but the hose busted."

To a certain extent the fire of this morning would not have been so disastrous had the hose not burst, not once but three different times, and was so full of small holes that the water only ran out of the nozzle, having lost its pressure.

The men had the water turned on in very quick time, but even with the small pressure of not over 40 pounds to the square inch, the hose on both the hill reels, which was attached to two different plugs burst, thus preventing water from reaching the fire at the most critical and opportune time, viz, the incipient stage. A delay of ten minutes followed, before the down town reels arrived and were connected up.

What assurance have we, but that at the very next fire the same thing will occur again? It is no accident; it is simply a case of improvidence and careless provision, and no inspection.

Both hill reels should be equipped with good hose, and should have occasional inspection. We pay as much per capita upon the hill as anybody and have less protection, both fire and police. Now, Mr. Editor, you can bring this matter to our city father's attention. Kindly of course but forcibly. An investment of \$500 in good hose would have prevented a loss of at least \$3,500 this morning.

The firemen, our firemen, bully boys, every man of them, work hard, are prompt, willing, self-sacrificing, and what are they provided with, to work with? Nothing, but a lot, job lot of old canvas hose, eaten up with dry rot. Give us good hose, and we may be able to save some property in the future.

This, Mr. Editor, is not intended for a whine or squeal. No, sir! A plain outspoken complaint, and a demand for justice.

PROMINENT YOUNG MAN DIES AFTER OPERATION

OPENING IS POSTPONED

The Monongahela Valley Baseball league will not open its season Saturday as it was previously intended owing to the fact that proper arrangements cannot be made. Possibly the league season may open next Tuesday, with four teams composing the circuit. So far the only clubs which have definitely signified their intention of entering the league are Donora, Monessen, Belle Vernon, and Brownsville. An effort is still being made to have Monongahela, Charleroi and Fayette City enter. A meeting will be held in Charleroi on Sunday, at which time it is hoped to complete the circuit as it will be all summer and adopt a schedule.

It was thought that John McIlvaine could be persuaded to enter his team but he has not looked favorably upon the idea thus far. Apparently the sentiment is in favor of a Monongahela Valley league club, and it is hoped by the promoters that McIlvaine will take up the matter.

Complete Concrete Work. Concrete work on the foundation of the new Charleroi Station was finished this morning by the Charleroi Lumber company. Within a short time it is expected that the work of brick laying will take up the matter.

COMPLAINTS BY POLICE

Complaint is made by the Charleroi police that alleged keepers of disorderly houses and disreputable characters who have been driven out of Charleroi find a ready asylum across the river at Wireton and even in Monessen. Established without apparent molestation there they come over to Charleroi to walk the streets and make engagements. A number of well known and notorious characters who hang out across the river are seen upon the streets of Charleroi nightly, but unless a case can be made out against them the police are powerless to take action. It is stated that effort will be made to have the State constabulary come to Wireton and clean out these alleged resorts just as they did some time ago when Wireton once before became the rendezvous of a notorious gang of criminals and disreputable characters both male and female.

Frank "Kid" DeViney Expires at McKeesport Hospital

SERVED IN PHILIPPINES

Was Orderly for the Late Col. Hawkins in Spanish-American War

With a smile on his face and a joke on his lips, Francis Carlton DeViney, nearly 34 years old, a former Charleroi young man, and a veteran of the Spanish-American war died Thursday evening at 5:20 o'clock at the McKeesport hospital where he had been operated on last Friday for intestinal obstruction. He had been in ill health but a short time. His widow, his mother, Mrs. Sophia DeViney, of Charleroi, one sister, Mrs. W. W. Jimenson, of Charleroi, and one brother, Harry Y. DeViney of Somerset county survive.

When war between the United States and Spain was declared and volunteers were called for, DeViney was one of the first to enlist from this vicinity. He joined Company A, Tenth Regiment, N. G. I., and went to Manila with this company. Hardly had he arrived there when the late Col. Hawkins, commander of the regiment took him as his orderly. As such he saw service throughout the war.

Big-hearted, joyous and care-free DeViney was the life of the regiment to which he belonged. He was one of the most popular men in the Philippines. This same bright and sunny disposition made him beloved by all his friends at home, and even at the hospital when his body was racked with pain he kept up his spirits and his jokes added a touch of pleasure to many. Apparently "Kid," as he was familiarly known by his friends, was well on the way to convalescence when a sudden turn for the worse made death inevitable.

The body was brought home to Belle Vernon last night, and the funeral services will be held at the residence of his father-in-law, E. M. Kyle at Belle Vernon Sunday afternoon at 2 o'clock. Burial will be at Rehoboth cemetery.

on the hill Thursday burst as soon as
it was attached thereby delaying mat-
ters until the arrival of the downtown
reels, is a serious reflection upon the
efficiency of the equipment provided
by council for the protection of the
public against fire. An equipment that
proves useless is the same as no
equipment at all and as there is no
question as to the necessity of ad-
equate fire protection in a closely built
community, the matter of expense
should not figure.

As a matter of convenience some
hose reels are kept in the hill district.
Presumably this is the oldest hose in
the service, which is probably the rea-
son that it burst at the critical period.
As a citizen states in a communica-
tion published in this issue, the hose
in use on the hill as well as elsewhere
should be inspected and tested suffi-
ciently to demonstrate its efficiency
at all times. An efficient department
with inefficient equipment is a most
discouraging combination to say the
least. In the proposed bond issue it
might be wise to include a provision
for the purchase of enough hose to
avoid the risk of failure at the time
when prompt service is most needed.

CATHOLICS ROLL UP-A BIG SCORE

Talk about your big scores in the National League. Talk about your cork center ball making big scores and big hits. Then in a soft whisper repeat the score of the Catholics and Christians game Thursday night and dope it out for yourself. There was evidently something wrong, you say. Yes, there was something wrong—evidently.

In six innings the National league never rolled up such a terrible score as the Catholics pulled off. It was one thing right after another. The game looked like a mighty interesting one until the second inning was passed and then things began to happen. To that period the score was 2 to 2. In the third on three hits and a base on balls the Catholic scored twice.

Fourth inning. Six runs. Oh, fudge! Only five hits were registered, this session by the Catholics, but thank you, that was ample sufficiency. With vindictiveness the Catholics smote the ball and errors were a little more common than one would think they should be. But the war was not over. In the fifth the Catholics cleaned two hits and in keeping with their habit established the inning previous scored four runs. Four more of the same kind were brought in during the sixth on five touches. In the same inning the Christians got a score in a desperate attempt to even up. A hit, an error, a fielder's choice and an out did it. Score:

GOVERNOR TENER ROUNDLY SCORES THE STATE SENATE

Failure to Pass Public Utilities Bill Ires Executive

CONDEMNATION MERITED

Another Bill Practically the Same as Defeated One Will be Presented

Immediately after the adjournment of the Legislature at Harrisburg Thursday Governor Tener issued a statement to the effect that he will not call an extra session of the Legislature for the consideration of a public utilities bill, for the reason that to do so would be futile with the Senate as now constituted.

The Governor criticizes the Senate for failing to pass the public utilities bill, even after the administration had offered suggestions as to modifying its provisions. The action of the Senate in pigeon-holing the resolution to refer the subject to a committee to be appointed by the Governor is characterized by him as "arbitrary, unreasonable and indefensible."

A public utilities bill substantially the same as that which was defeated this year will be presented to the Legislature of 1913 says the Governor in his statement as follows:

"I believe that it is the sense of the people of the State generally that a public service company law should be enacted. In my inaugural I said: 'There should be a commission vested with all the possible power to have the general supervision and control of the corporations and individuals having to do with public utilities and the present Railroad Commission abolished.'"

"Accordingly, House bill No. 875, known as 'The Public Service Company Law,' was prepared at my instance by Attorney General Bell and introduced into the Legislature and finally passed by the House by a vote of 176 to 11. This was most gratifying to me.

"It is a matter of genuine regret, however that the bill failed of passage in the Senate. The alleged reasons for such defeat of the bill were that it was too drastic and undertook to regulate too many public service companies, and because certain members of the Senate had not had sufficient time to properly inform themselves concerning the scope and provisions of the bill. Therefore it was urged on the floor of the Senate that a commission should be appointed to properly consider the subject and report a bill at the next session of the Legislature.

"As to the objection that the bill is too drastic, it is to be observed that in its vital features it is less drastic than the inter-State commerce act and similar laws of recent enactment in our sister States, including New York, Maryland, Wisconsin, and as I believe New Jersey. The objection to its being too comprehensive comes chiefly from the railroads and street railway corporations (which must of course, be included in any bill) and not from what I may term the minor corporations.

"The bill could readily have been amended by eliminating such minor corporations from its operation and the Senate committee was so advised by the Attorney General and that if the bill were so amended and made to

apply to railroad, street railway, telegraph, telephone, water, light, heat, and power companies it would be satisfactory to the Administration. This suggestion, however was not considered, nor any amendment whatever proposed.

"Following the defeat of the bill in the Senate and accepting, as made in good faith, the alleged reason of lack of sufficient time for proper consideration of the bill, and the further insistent suggestion for the appointment of a commission to duly consider the subject, I forthwith sent in a resolution providing for such appointment, and vesting in the commission ample power and authority to make such investigation with the duty to report the result of its investigation and a draft of the bill to the next General Assembly in 1913. It was my desire and I deemed it my duty to appoint such a commission myself rather than to refer the subject to any existing legislative committee not in sympathy with my views.

"The House immediately passed this resolution. Its reference without debate in the Senate to a committee which did not and as I believe never intended to consider such resolution is, to my mind, an arbitrary, unreasonable and indefensible course on the part of the upper house. Such action, I further believe, merits and I think will receive the condemnation of all fair-minded men.

"I have considered the question of calling an extra session, but with the Senate as now constituted, I have concluded that to do so would be futile.

"Since my inauguration I have used my best endeavors to have a public service company law duly enacted for the reasons as I have stated, that the general welfare of the people requires it and my official pledge was given for such an enactment. These reasons still exist. My views have in no wise changed. Until the next meeting of the Legislature I shall hope for a more vigorous expression of that public opinion which I believe exists in favor of such a law. This will have its impress and effect upon the members of the new Assembly.

"And at the convening of the new Assembly I shall again have introduced, simultaneously, in the House and in the Senate, a bill substantially as drawn by the Attorney General. This will afford the members of each body ample time to consider the bill and to amend it as above mentioned, or otherwise, so as to bring this Commonwealth, in respect to legislation, abreast of our sister States and secure to our citizens substantially the same rights as are enjoyed by the people in other commonwealths."

ODD FELLOWS WILL HOLD ANNUAL PICNIC

Outing Planned at Cascade Park Early in June by Valley Association-- Committee Appointed

SPORTS PROGRAM FOR DAY BEING PREPARED

Arrangements are being completed by the I. O. O. F. Valley Picnic association for the annual Odd Fellows outing to be held June 16 at Cascade Park. L. H. Richards of Monongahela, president of the association, Robert Craig, of Charleroi, secretary and Joseph Robinson, of Belle Vernon, vice president is the general committee in charge. Other committees have been appointed from Charleroi, Monessen, Roscoe, Belle Vernon, Fayette City and Monongahela Odd Fellows. Committees from the Iris Rebeckahs are also assisting. A program of sports is being arranged, to consist of a ball game and other athletic events. On the same day New Castle and Youngstown O. and P. league teams will play on the Cascade Park grounds. "Bill" Phillips of Charleroi is manager of the Youngstown team and Phil Hinton is playing with New Castle. For that reason the game will attract attention.

COAL DEAL REPORTED

Coking Tract to be Taken by United Steel Corporation

IMPORTANT TO DISTRICT

A report in Charleroi Thursday evening that the United States Steel corporation had taken over the entire Pittsburgh Coal company's holdings was modified somewhat by later reports which state that the contemplated deal at the present time only includes part of the later company's holdings. This is said to be about 8,000 acres of undeveloped coking coal lands in the Connellsville region, which was acquired some time ago when Francis L. Robbins was president of the Pittsburgh Coal company. The deal is said to be hanging fire on account of the price. The company is said to have asked a price of \$3,000 an acre, which the big steel corporation is trying to shave down.

It has long been the belief that the United States Steel corporation would eventually take over the Pittsburgh Coal company, and the proposed deal is thought to be a step in the direction of the final absorption of the big coal interests. The deal, if it goes through, will involve purchase money to the extent of between \$18,000,000 and \$24,000,000, which, it is expected, would go to pay off accrued interest on the coal company's stock.

GROUNDS ARE HARD

Church League Moguls Would Provide Water for Park

LEAGUE MEETING IS HELD

At the meeting of the Charleroi Church League executive committee Thursday night a plan to have water supplied for the baseball ground was suggested and Prof. I. T. Daniel was appointed a committee of one to look after the matter. The playing field is now in bad shape and water is a veritable necessity.

Action was taken to have persons employed to look after balls at each game. President Edwin McKay was instructed to appoint an investigation committee to look after any supposed violations of the eligibility rule, and named Prof. I. T. Daniel, R. A. Roberts and W. D. Pollock.

A meeting of the executive committee will be held every Monday evening in the Charleroi Business Men's Association rooms. The lists of players on the various teams were approved.

COMPLAINT BY CITIZEN

Crest Avenue Resident Thinks Better Hose Should be Bought

TROUBLE AT LATE FIRE

To the Editor of the Charleroi Mail: Sir—How long are we to hear the remark, "Might have saved the property but the hose busted."

To a certain extent the fire of this morning would not have been so disastrous had the hose not burst, not once but three different times, and was so full of small holes that the water only ran out of the nozzle, having lost its pressure.

The men had the water turned on in very quick time, but even with the small pressure of not over 40 pounds to the square inch, the hose on both the hill reels, which was attached to two different plugs burst, thus preventing water from reaching the fire at the most critical and opportune time, viz, the incipient stage. A delay of ten minutes followed, before the down town reels arrived and were connected up.

What assurance have we, but that at the very next fire the same thing will occur again? It is no accident; it is simply a case of improvidence and careless provision, and no inspection.

Both hill reels should be equipped with good hose, and should have occasional inspection. We pay as much per capita upon the hill as anybody and have less protection, both fire and police. Now, Mr. Editor, you can bring this matter to our city father's attention. Kindly of course but forcibly. An investment of \$500 in good hose would have prevented a loss of at least \$3,500 this morning.

The firemen, our firemen, bully boys, every man of them, work hard, are prompt, willing, self-sacrificing, and what are they provided with, to work with? Nothing, but a lot, job lot of old canvas hose, eaten up with dry rot. Give us good hose, and we may be able to save some property in the future.

This, Mr. Editor, is not intended for a whine or squeal. No, sir! A plain outspoken complaint, and a demand for justice.

Crest Avenue Property Holder. Charleroi, Thursday afternoon, May 25.

PROMINENT YOUNG MAN DIES AFTER OPERATION

OPENING IS POSTPONED

The Monongahela Valley Baseball league will not open its season Saturday as it was previously intended owing to the fact that proper arrangements cannot be made. Possibly the league season may open next Tuesday, with four teams composing the circuit. So far the only clubs which have definitely signified their intention of entering the league are Donora, Monessen, Belle Vernon, and Brownsville. An effort is still being made to have Monongahela, Charleroi and Fayette City enter. A meeting will be held in Charleroi on Sunday, at which time it is hoped to complete the circuit as it will be all summer and adopt a schedule.

It was thought that John McIlvaine could be persuaded to enter his team but he has not looked favorably upon the idea thus far. Apparently the sentiment is in favor of a Monongahela Valley league club, and it is hoped by the promoters that McIlvaine will take up the matter.

Complete Concrete Work. Concrete work on the foundation of the new Charleroi Station was finished this morning by the Charleroi Lumber company. Within a short time it is expected that the work of brick laying will take up the matter.

COMPLAINTS BY POLICE

Complaint is made by the Charleroi police that alleged keepers of disorderly houses and disreputable characters who have been driven out of Charleroi find a ready asylum across the river at Wireton and even in Monessen. Established without apparent molestation there they come over to Charleroi to walk the streets and make engagements. A number of well known and notorious characters who hang out across the river are seen upon the streets of Charleroi nightly, but unless a case can be made out against them the police are powerless to take action. It is stated that effort will be made to have the State constabulary come to Wireton and clean out these alleged resorts just as they did some time ago when Wireton once before became the rendezvous of a notorious gang of criminals and disreputable characters both male and female.

Frank "Kid" DeViney Expires at McKeesport Hospital

SERVED IN PHILIPPINES

Was Orderly for the Late Col. Hawkins in Spanish-American War

With a smile on his face and a joke on his lips, Francis Carlton DeViney, nearly 34 years old, a former Charleroi young man, and a veteran of the Spanish-American war died Thursday evening at 5:20 o'clock at the McKeesport hospital where he had been operated on last Friday for intestinal obstruction. He had been in ill health but a short time. His widow, his mother, Mrs. Sophia DeViney, of Charleroi, one sister, Mrs. W. W. Jimerson, of Charleroi, and one brother, Harry J. DeViney of Somerset county survive.

When war between the United States and Spain was declared and volunteers were called for, DeViney was one of the first to enlist from this vicinity. He joined Company A, Tenth Regiment, N. G. P., and went to Manila with this company. Hardly had he arrived there when the late Col. Hawkins, commander of the regiment took him as his orderly. As such he saw service throughout the war.

Dig-hearted, joyous and care-free DeViney was the life of the regiment to which he belonged. He was one of the most popular men in the Philippines. This same bright and sunny disposition made him beloved by all his friends at home, and even at the hospital when his body was racked with pain he kept up his spirits and his jokes added a touch of pleasure to many. Apparently "Kid," as he was familiarly known by his friends, was well on the way to convalescence when a sudden turn for the worse made death inevitable.

The body was brought home to Belle Vernon last night, and the funeral services will be held at the residence of his father-in-law, E. M. Kyle at Belle Vernon Sunday afternoon at 2 o'clock. Burial will be at Rehoboth cemetery.

At the meeting of the Charleroi Church League executive committee Thursday night a plan to have water supplied for the baseball ground was suggested and Prof. I. T. Daniel was appointed a committee of one to look after the matter. The playing field is now in bad shape and water is a veritable necessity.

Action was taken to have persons employed to look after balls at each game. President Edwin McKay was instructed to appoint an investigation committee to look after any supposed violations of the eligibility rule, and named Prof. I. T. Daniel, R. A. Roberts and W. D. Pollock.

A meeting of the executive committee will be held every Monday evening in the Charleroi Business Men's Association rooms. The lists of players on the various teams were approved.

on the hill Thursday burst as soon as
it was attached thereby delaying mat-
ters until the arrival of the downtown
reels, is a serious reflection upon the
efficiency of the equipment provided
by council for the protection of the
public against fire. An equipment that
proves useless is the same as no
equipment at all and as there is no
question as to the necessity of ad-
equate fire protection in a closely built
community, the matter of expense
should not figure.

As a matter of convenience some
hose reels are kept in the hill district.
Presumably this is the oldest hose in
the service, which is probably the rea-
son that it burst at the critical period.
As a citizen states in a communica-
tion published in this issue, the hose
in use on the hill as well as elsewhere
should be inspected and tested suf-
ficiently to demonstrate its efficiency
at all times. An efficient department
with inefficient equipment is a most
discouraging combination to say the
least. In the proposed bond issue it
might be wise to include a provision
for the purchase of enough hose to
avoid the risk of failure at the time
when prompt service is most needed.

SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pink-
ham's Vegetable Compound.

Sikeston, Mo. — "For seven years I
suffered everything. I was in bed
for four or five days
at a time every
month, and so weak
I could hardly walk.
I cramped and had
backache and head-
ache, and was so
nervous and weak
that I dreaded to
see anyone or have
anyone move in the
room. The doctors
gave me medicine to
ease me at those
times, and said that I ought to have an
operation. I would not listen to that,
and when a friend of my husband told
him about Lydia E. Pinkham's Vege-
table Compound, I bought it and tried it
for his wife. I was willing to take it.
Now I look the picture of health and
feel like it, too. I can do my own house-
work, hoe my garden, and milk a cow.
I can entertain company and enjoy
them. I can visit when I choose, and
walk as far as any ordinary woman,
any day in the month. I wish I could
talk to every suffering woman and girl."
— Mrs. DENA BERTINE, Sikeston, Mo.

The most successful remedy in this
country for the cure of all forms of
female complaints is Lydia E. Pink-
ham's Vegetable Compound.
It is more widely and successfully
used than any other remedy. It has
cured thousands of women who have
been troubled with displacements, in-
flammation, ulceration, fibroid tumors,
irregularities, periodic pains, backache,
that bearing down feeling, indigestion,
and nervous prostration, after all other
means had failed. Why don't you try it?

laundry fire many of the firemen look-
ed confidently forward for two more
calls. They came—the one which
destroyed the coal tipple of the Char-
leroi Coal Works and the other yester-
day, which wiped out two houses on
Meadow avenue. So confident were
the firemen that three fires would fol-
low, that one of them remarked the
fore part of this work:

"I hope the third call which is due
now will not come in the night time."

CATHOLICS ROLL

UP A BIG SCORE

Talk about your big scores in the National League. Talk about your cork center ball making big scores and big hits. Then in a soft whisper repeat the score of the Catholics and Christians game Thursday night and dope it out for yourself. There was evidently something wrong, you say. Yes, there was something wrong—evidently.

In six innings the National league never rolled up such a terrible score as the Catholics pulled off. It was one thing right after another. The game looked like a mighty interesting one until the second inning was passed and then things began to happen. To that period the score was 2 to 2. In the third on three hits and a base on balls the Catholic scored twice.

Fourth inning. Six runs. Oh, fudge! Only five hits were registered in this session by the Catholics, but thank you, that was ample sufficiency. With vindictiveness the Catholics smote the ball and errors were a little more common than one would think they should be. But the war was not over. In the fifth the Catholics gleaned two hits and in keeping with their habit established the inning previous scored four runs. Four more of the same kind were brought in during the sixth on five touches. In the same inning the Christians got a score in a desperate attempt to even up. A hit, an error, a fielder's choice and an out did it. Score:

Don't Scrub Kitchen Floors

Paint that kitchen floor instead of scrubbing it every few days or buying expensive coverings that grow dingy and show wear. You can do it yourself. It's easy and costs only a trifle.

ACME QUALITY FLOOR PAINT (Granite)

is the ideal finish for kitchen, pantry and laundry floors, steps and inside surfaces to be walked upon. It's hard, durable, sanitary, easy to apply, easy to keep clean, hard to wear out. Brush it on tonight and you can walk on it tomorrow.

If it's a surface to be painted, enameled, stained, varnished or finished in any way, there's an Acme Quality Kind to fit the purpose.

SERMON TO TEMPLARS

Members of McKean Commandery No 80, Knights Templar attended a special service Thursday evening at church in observance of Ascension Day Rev. H. O. McDonald of the First Presbyterian church, Monessen, preached a special sermon.

Members of the commandery went to Monessen on the 6:30 o'clock car and with a band leading, paraded over the streets to the Methodist church. An interesting sermon was preached by Rev. McDonald. Special music was furnished and the order of service was that prescribed by the Masonic rites.
